THURSDAY.....FEBRUARY 22, 1883.

## FOR PROTECTION.

On Tuesday Senator Jones addressed the Senate at length in favor of protection. He said the dearest thing in the world was cheap labor. It was high wages, not low wages, that had enabled American farmers to overcome in the markets of western Europe the competition of the boundless fields of Russia, worked until recently by serfs, and still worked by very poorly paid labor. Even should it involve some degree of cost to the country, the protective system was defensible on the same ground upon which it was deemed good policy to provide educational facilities for the rising generation. Protection cheapened production, while free labor cheapened produce. He was in favor of the high protective duties which had existed since the beginning of the civil war, because they stood the best test, that of experience, and because at no time in history had the country been so prosperous as it was to-day. He preferred to look forward rather than backward, believing with Bishop Berkley that "Time's noblest empire is its last."

## The Coming Coronation.

At Moscow preparations for the coronation of the Czar are proceeding upon a fabulous scale of magnificence. Eleven miles of tables are being constructed for a banquet on the plain, and eighty-five circular counters for the distribution to the mujiks of 900,000 pies. Rubenstein is to write a march, and direct an orchestra of 1,000 musicians and 80,000 choristers. Sixteen enormous vats, to hold free beer, are being built in public places, and an English company is covering the Kremlin with electric lights. Meanwhile anxiety about the Nihilists has grown apace, and the last report is that the German police have got possession of some of Hartmann's communications to the Nihilists, giving instruction on the subject of the coronation.

## A Startling Story.

Woodland woke up last Tuesday morning and found itself surprised upon learning that in the murderer's cell in the county jail lay Frank Rahm, who until January 8th, had been Sheriff of Yolo county for one term, and been in charge of the very place in which he is now a prisoner, and that his friend and cousin, George Rahm, had been taken to the station house in Sacramento for safe keeping, and to guard against improper communication. The cause of these arrests is the belief that the ex-Sheriff murdered his Under Sheriff, John E. Maltby, and then carried out a devilish plot to conceal the crime.

The Salary Law has been repealed, to take effect two years hence, but the Legislature has not yet reduced and revised the old fee schedule. Foley's Senate bill makes a reduction of thirty per cent., while Varian's Assembly bill reduces the charges about one-half. As no fee bill that can be framed will be just to every county, there is a possibility that neither of the present bills will become laws, in which event the people will wish the Salary Law had remained in force.

M. M. Towne, a brother of A. N. Towne, General Manager of the Central Pacific, has been appointed Superintendent of the eating houses, dining and lunch rooms of the Union Pacific Railway Co. Mr. Towne has purchased the Thornburgh House, at Laramie City, where his headquarters will be established, and from whence he will have general supervision.

The JOURNAL will soon undertake to show that there has not been a single county in the State but what has been benefited by the Salary Law, using the years 1879-80 and 1881-82 for comparison, and notwithstanding the fact that the salaries were largely increased, and that the provisions of the law were often outrageously abused by venal and corrupt officials.

In favoring the repeal of the Salary Law, Senator Dennis, of Elko, said he was satisfied the criminal business of the counties would be better attended to under the fee system. Under the old fee system it was often too well attended to by the officials.

Senator Slater has presented in the U. S. Senate the memorial of the Oregon Legislature praying for an increase of rate per mile allowed for public surveys in Oregon.

The Star-route men are badly demoralized by Heredell's testimony; the informer was again on the stand and gave more damaging evidence against Doresey and Brady.

The Legislature will not be in session to-day.

## THE MELARKEY BILL.

An Act to regulate the charges for carrying, hauling and storing of property by inter-State railroads within the State of Nevada, and prescribing penalties for the violation of its provisions: The people of the State of Nevada, represented in Senate and Assembly, do enact as follows:

Section 1. It shall be unlawful for any persons, persons, company or corporation organized or doing business in this State, and engaged, either alone or associated with others, in carrying or transporting property by railroad, whose railroads run continuously from any boundary of the State of Nevada, to any other boundary of said State, within this State, to carry or transport such property beyond the place of its final destination within this State, or to carry any such property in any direction than its final destination, or any greater distance than is actually necessary to enable such person, persons, or corporation to deliver such property at its destination.

Section 2. It shall be unlawful for any such person, persons, company or corporation to charge, demand, collect or receive a greater compensation for carrying or transporting property from any point upon the line of such railroad within this State to any other point upon the line to such railroad within this State than is charged by such carriers for carrying or transporting goods or property of like character from the same point of shipment over a greater distance of the same road. And it shall be unlawful for such carrier to charge, receive, collect or demand a greater compensation for carrying or transporting property received by it at any point within this State to be transported or carried to any other point in this State than is charged or collected by such carrier or carriers for transporting similar property for the same destination over a greater distance of the same in this State; provided, however, that in no case shall the compensation so charged exceed the sum of six cents per ton, of two thousand pounds, per mile for each mile such property may be actually carried within this State.

Section 3. It shall be unlawful for any such person or persons, company or corporation, directly or indirectly, to charge to or receive from any person, persons or corporation, any greater or less rate or amount of freight, compensation or reward, that is charged to or received from, any other person, persons or corporation, for like services in the carrying, receiving, delivering, storing or handling of property so as aforesaid carried or to be carried over such railroad; and all persons, companies or corporations engaged as aforesaid, shall furnish, without discrimination, the same facilities for the carrying, receiving, delivery, storage and hauling of all property of like character carried by him, them, or it, and shall perform with equal expedition the same kind of service connected with the transportation thereof as aforesaid. No break, stoppage or interruption, nor any contract, agreement or understanding shall be made to prevent the carriage of any property from being treated as one continuous carriage from the place of destination, unless such stoppage, interruption, contract, agreement or understanding be or was made in good faith for some practical or necessary purpose, without any intent to avoid or interrupt such continuous carriage, or to evade any of the provisions of this Act.

Section 4. It shall be unlawful for any person or persons, company or corporation engaged in the carrying or transporting of property, as provided in the first section of this Act, to charge or receive any greater compensation per car load of similar property for carrying, receiving, storing, forwarding or hauling the same for a shorter than for a longer distance in one continuous carriage.

Section 5. No individual, company or corporation mentioned in the first section of this Act, owning, operating or managing any railroad in this State, the termini of which are not in this State, shall charge a greater or higher rate for the transportation of passengers between any points, places or localities within this State than four cents per mile for each passenger over the age of twelve years, with ordinary baggage not exceeding one hundred pounds in weight; and for each passenger of the age of twelve years or under, not exceeding two cents per mile, with baggage not exceeding fifty pounds in weight. Fractions of a mile may be reckoned as a full mile in computing fares and freights.

Section 6. It shall be unlawful for any individual, company or corporation operating or managing any such railroad within this State, to refuse to receive, carry and deliver any lawful, proper and customary freight, or passengers, at any station, depot or side track now existing or which may hereafter be established.

Section 7. If any person, persons, company or corporation mentioned in the first section of this Act shall make any unjust discrimination in its rates or charges of toll or compensation for the transportation of passengers or freight of any description, or for the use and transportation of any railroad car upon its said road, it shall be deemed guilty of having violated the provisions of this Act, and if any such person, persons, company or corporation shall charge, collect or receive from any person or persons for the transportation of a like quantity of freight of the same class over the entire road in the same direction, shall also be deemed guilty of a violation of the provisions of this Act.

Section 8. That each and every act, matter or thing in this Act declared to be unlawful, is hereby prohibited; and in case any person or persons, company or corporation, engaged as aforesaid, shall do, suffer or permit to be done any act, matter or thing in this Act prohibited, or declared to be unlawful, or shall omit to do any act, matter or thing in this Act required to be done, such person or persons, company or corporation, shall forfeit and pay to the person

or persons, who may sustain damage thereby, all damages sustained, to be recovered by the person or persons so damaged, in any of the Courts of this State having jurisdiction, of the sum so claimed, and all cases where damages are so claimed; and any such person, persons, company or corporation shall, for the violation of any of the provisions of this Act, forfeit and pay a penalty of not less than one thousand and not more than five thousand dollars, to be recovered in the name of the State of Nevada in any Court of competent jurisdiction; and the judgment in such cases shall include all costs of the action, including such compensation to the informer and to the District Attorney, not exceeding one hundred dollars each, as the Court in its discretion shall adjudge to be proper.

Section 9. All Acts and parts of Acts in conflict with this Act are hereby repealed.

From One From Navajo.—As was stated not long ago the ore milled by the Navajo Company for six months gave an average of over \$200 to the ton. Since then the report has likewise been published that the ore in that mine was showing an improvement as depth was attained. The truth of the latter assertion is fully demonstrated by a chunk of ore from that mine, now to be seen at the office of the company here. The piece is almost pure silver, going 900 fine in its crude state. It was extracted from the lowest point where ore is being stopped out, and is four inches thick, six inches wide and twelve inches long. The small amount of ledge matter contained in it renders the ore very brittle and it is easily crushed in the fingers. Were it not for the friable nature of the material, a chunk weighing as much as a man could pack could have been procured as easily as the piece in the office, as there is plenty of it to be had in and around the vicinity that yielded the specimen.—[Tuscarora Mining News.

ARTESIAN WELLS.—If any one will take pains to look over the files of the Times-Review it will be easy for him to observe that the whole system of irrigation by means of artesian wells has been repeatedly reviewed. We have and we still insist that there is water enough beneath the surface to make the surface bring forth the fruits of the labor of thousands of husbandmen. We have the surface, soil and climate, and ought to utilize all these advantages.—Times-Review.

Sawdust is said by some one to be better than hair in protecting rough coat plastering from peeling and scaling under the influence of frost and weather. The sawdust should be first dried and then thoroughly sifted, in order to remove the coarser particles. A mixture is then made of two parts sawdust, five parts sharp sand, and one part cement, which should be thoroughly stirred together, and then incorporated with two parts of lime.—Yreka Journal.

In the person of Walter Marsden the newspaper publishers and printers have had an honest and faithful friend in the lower branch of the Legislature. He has been prompt and energetic, and ought to utilize all these advantages.—Carson Tribune.

The chances are that no reduction in the number of Senators and Assemblymen will be attempted this session, and for the reason that two years hence a U. S. Senator will be elected.—Carson Tribune.

It has been suggested that Washoe county should be attached to Churchill county, and then named Pike county, in honor of W. H. A. Pike.—Carson Index.

## TOWN AND COUNTY.

### BREVITIES.

Nice cider at Chase & Thyes'. Gen. Davis has returned from below. Bear in mind the Guard ball this evening.

"La Gaite" is the name of the new dancing club.

Capt. C. A. Merrill was a passenger for the Bay last night.

Assemblyman Pratt has introduced a good road law. Hope it will pass.

The Bank will observe the Saturday hours to-day, and close at 1 P. M.

Be sure and attend the ball this evening. It will be the event of the season.

Old and young are crazy over the latest dances. The Centennial is a great favorite with all.

Washington's Birthday. "First in war, first in peace, and first in the hearts of his countrymen."

Assessor Stoddard is at work upon some new maps, to aid him in his assessment work in the future.

The bill authorizing Nevada railroads to incorporate with railroads outside of this State, passed the Senate yesterday.

Varian's Constitutional amendment to allow of special legislation for the benefit of counties has passed the Assembly.

The Assembly yesterday passed the bill removing the county seat of Esmeralda from Aurora to Hawthorne. The vote was 31 to 8.

Varian's bill to allow Sheriff's extra compensation during their present term was very properly killed in the Assembly day before yesterday.

The last three days have been delightful, the temperature being pleasant at all times. The nights were as lovely as the days, the moonlight being brilliant.

Common sense. Have all men common sense? No. Those that pay \$100 for a breech-loading gun, and \$40 for a muzzle-loader, that they can purchase for one-third the price at Uncle Harris', have very little sense.

During the debate on the Prison Commission bill in the Assembly on Tuesday Grey and Bell declared themselves in favor of the removal of the Prison to Reno. If the Washoe delegation had made the proper effort we should have had the Prison removal bill passed by this time.

### In Memoriam.

At a regular meeting of Reno Lodge, No. 19, I. O. O. F., Reno, February 15, 1883, the following preamble and resolutions were unanimously adopted:

WHEREAS, In the province of the Divine Ruler of the universe, the Supreme Ruler of all things, has been pleased to take from our midst our beloved A. S. Hewitt, member of this Lodge; therefore, be it

Resolved, That in their sad bereavement we recognize the work of our fathers hand, and we now submissively to his will and say "They will be done."

Resolved, That in the death of our cherished Brother, the Lodge has lost an ardent, zealous and honored member. One who was deeply imbued with the principles of our beloved Order.

Resolved, That we deeply sympathize with the wife and relatives of our deceased Brother and that as a mark of esteem we cherish that memory by draping our charter in mourning for the period of thirty days.

Resolved, That copy of these resolutions be presented to the family of our deceased Brother, and that they be published in the NEVADA STATE JOURNAL and Reno Evening Gazette.

### Native Silver.

The Enterprise local reporter has been shown some specimens of ore from the Harris mine, near Washoe Lake, in which are to be seen beautiful fern-like sprays of native silver. This rich ore was found last Friday. The bulk of the ore is black sulphur and chloride, but the native silver indicates great strength in the vein. Mr. Harris appears to be on the eve of making a grand discovery. His mine is located at a height of about 1,000 feet above the level of Washoe Lake. The mountain in which the mine is located is capped with iron, and through this run veins of quartz from one to five feet thick.

There would seem to be near at hand, probably under the iron capping—a rich mother vein of silver.

### SELLING WHISKY TO INDIANS.

#### An Important Communication From The Commissioner.

Some time ago several persons at Belmont expressed the opinion that the Sheriff had no right to arrest and incarcereate Indians for disorderly conduct, whereupon Deputy Sheriff W. S. Bryden wrote to the Interior Department for information, and following is the answer:

DEPARTMENT OF THE INTERIOR,  
Office of Indian Affairs,  
Washington, February 3, 1883  
W. S. BRYDEN, Esq.,  
Belmont, Nevada.

Sir: I am in receipt of your letter dated 25th ult., by reference from the Honorable Secretary of the Interior, in which you inquire whether "a Sheriff or Deputy can arrest Indians for any offense they may do, and if they must be taken before an Indian Agent?"

In reply I have to state that it is presumed from the tenor of your letter that you refer to Indians who are guilty of disorderly conduct, and commit grave offenses under the influence of liquor, while away from their reservations. Not only are such Indians amenable to the laws, but the white persons who furnish them the liquor are subject to fine and imprisonment. The Indians who violate the laws while off their reservation, can be dealt with just the same as while persons guilty of like offenses. They must answer to the local courts where the offense is committed, and not to their Agent. The white man who sells them the liquor, is amenable to Section 2139 of the U. S. Statutes, which declares that "Every person who sells, exchanges, gives, barter, or disposes of any spirituous liquors or wine to any Indian, shall be punishable by imprisonment for not more than two years, and by a fine of not more than three hundred dollars."

If the citizens of your place who thus complain of "drunken disorderly Indians" would strike at the root of the evil by doing what they can to enforce the penalties of the act referred to against these persons who furnish the liquor to the Indians, they would have no further cause of complaint.

Very respectfully,  
H. PRICE.  
Commissioner.

#### (New Laws, Session of 1883.)

31. Legalizing the last will of Geo. G. Blair.

### Our Local Bonds.

Few people are aware that during the years 1881 and 1882 there were nine certificates of incorporation filed by railroad companies in this State. It is a fact. Here is the list:

Nevada Western Railway Company, California Central Railway, Nevada Division.

Salt Lake and Western Railway Company.

Nevada Midland Railroad Company.

Nevada and Oregon Railroad Company.

Carson and Colorado Railroad Company, Second Division.

Eureka and Colorado River Railroad Company.

Battle Mountain and Lewis Railway.

Salt Lake and Western Railway Company.

For weak lungs, spitting of blood, shortness of breath, consumption, night sweats and all lingering coughs, Dr. Pierce's "Golden Medical Discovery" is a sovereign remedy. Superior to cod liver oil. By druggists.

### Special Meeting.

There will be a special meeting of Ridgely Degree Lodge No. 2, I. O. O. F., at Truckee Lodge Hall, Thursday evening, March 1st, 1883, at 7 o'clock sharp. Work in the degrees. By order of JOHN BOWMAN, Degree Master.

F. C. UPDIKE, Sec'y.

### The Queen of the Plutes.

The Virginia Chronicle says the Plute Indians have not yet elected a chief to succeed Winnemucca. It is stated that they are so attached to the memory of the dead chief that they think seriously of electing his daughter Sarah as ruler. Sarah is a gay girl.

John Jones, an iron molder, long a workman at the Fulton Foundry, died at the Storey County Hospital day before yesterday of dropsy. He leaves a wife—who keeps the Railroad House here, and twelve children. He has long been estranged from his family.

Members of Reno Guard, Company C, First Regiment, N. S. M., are hereby ordered to assemble at their armory to-day, February 22d, at 12:30 o'clock, in full dress uniform for parade. By order of Abraham Moger, Captain.

### Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. feb. 21-swf-lyr.

### Fine Job Work.

The JOURNAL job office has just received a large and fine stock of paper, cards, rags, etc., for job printing and is prepared to take orders for every description of work in the printing line. Only skilled workmen are employed in the job room and no inferior work is allowed to leave the office. Compensation prices are charged for every job and satisfaction guaranteed. Call and examine our specimens and leave your orders.

### THE SIERRA BUTTES AND PLUMAS EUREKA MINES.

#### To Stockmen and Butchers.

SEALED PROPOSALS WILL BE RECEIVED up to noon on April 1st, 1883, by the undersigned, at No. 16, Halleck Block, San Francisco, for furnishing beef as required at the Plumas Eureka Mine, Plumas county, and the Sierra Buttes Mine, Sierra county.

The quantity required will be from 12,000 to 15,000 lbs. per month for each mine.

Beef must be of the best quality; no old beef, nor fat, nor fair, nor cattle weighing less than 400 lbs. will be received.

The cattle to be driven into the Company's Corral at each mine in droves of two thousand, less, as the Company's agent may elect, and to be fed and slaughtered at the contractor's expense. The Company to have the corral and the contractor the hides.

Bids may be made for supplying either or both mines and for one or two years.

Contract to commence on May 16th, 1883.

Bonds to the amount of \$5,000 will be required for each mine.

All bids to be marked on the outside, "Ten for Beef."

The Company does not bind itself to accept the lowest or any tender.

Further information may be had at the Company's offices at the mines, or from the undersigned at San Francisco.
